CONFERENCE OF PARTIES TO THE CONVENTION ON THE PROTECTION AND PROMOTION OF THE DIVERSITY OF CULTURAL EXPRESSIONS

Sixth Ordinary Session
Paris, UNESCO Headquarters, Room II
12-15 June 2017

Item 6 of the provisional agenda: Report of the Committee on its activities and decisions to the Conference of Parties

In accordance with Decision 10.IGC 10, the Intergovernmental Committee for the Protection and Promotion of the Diversity of Cultural Expressions submits this report on its activities and decisions adopted between the fifth and sixth sessions of the Conference of Parties. This report is presented in Annex.

Decision required: paragraph 5.

1. In accordance with Decision 10.IGC 10, the report of the Committee on its activities and decisions adopted between the fifth and sixth sessions of the Conference of Parties is presented in Annex.
2. It provides an overview of the work plan set by the Conference of Parties in its Resolution 5.CP 14 and the achievements of the Intergovernmental Committee taken through decisions adopted during its ninth and tenth sessions.
3. While the Committee's report shows that the majority of activities requested by the Conference of Parties have been implemented, the Committee signaled several challenges to implement its work plan. In particular, the Committee indicated that raising extra-budgetary resources to fulfill all priorities identified by the Conference of Parties was a challenge and signaled the need for the all Parties to re-commit to support international cooperation for development. This would involve working with the Secretariat to mobilise resources to provide assistance to implement the Convention at the country level through, as a priority, financial assistance provided through the International Fund for Cultural Diversity or through technical assistance provided by the Expert Facility. The Committee is also recommending to the Conference of Parties to consider a review of its operational guidelines on sustainable development that were adopted in 2009 to take into account the UN 2030 Sustainable Development Goals and the new Convention framework to monitor impact of its implementation.
4. The Committee expressed additional challenges regarding the integration of new themes into its work plan that have emerged in the past few years. For instance, threats to the Convention's guiding principles and goals that put at risk artistic freedom, the status of artists, equitable access, openness and balance in the flow of cultural goods and services as well as the free movement of artists and cultural professionals.
5. The Conference of Parties may wish to adopt the following resolution:

DRAFT RESOLUTION 6.CP 6

The Conference of Parties,

1. Having examined document DCE/17/6.CP/6 and its Annex;
2. Takes note of the report of the Committee on its activities and decisions submitted to the Conference of Parties and included in this document.

Conclusion and next steps

11. The table above shows that, in accordance with its work plan, the Committee has implemented the majority of activities requested by the Conference of Parties and that the necessary decisions have been adopted. However, the implementation of certain decisions has not been fully achieved in accordance with the Committee's aspirations. This includes the Committee's invitation for Parties to provide extra budgetary contributions to the Secretariat, both under the capacity-building strategy and for the implementation of IOS recommendations.

12. Furthermore, in the current context, the Committee faces challenges regarding the integration of new themes into its workplan which have emerged in the past few years and which are raising global concerns. For example, the Committee will have to consider issues related to the 2030 United Nations Agenda and the impact of global crises and conflicts¹ on the implementation of the Convention. For instance, in a conflict situation, artists will likely face situations in which creating, producing and disseminating will be difficult, thus calling into question their artistic freedom as well as their freedom of movement within their territory and abroad.

13. The Committee would like to recommend to the Conference of Parties to consider requesting the future Committee to review the operational guidelines on sustainable development adopted in 2009 in the context of the UN 2030 Sustainable Development Goals.
