Statement

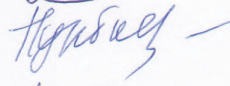

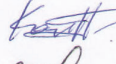

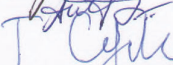

This letter is to express my consent to the inscription of Apendi Anecdotes on the UNESCO Representative List of the Intangible Cultural Heritage of Humanity. The element is a unique oral heritage that depicts social, cultural and nature as a whole in a humorous way. The element is widespread in all regions of the country and has been safeguarded and transmitted from many generations.

Statement

Elders who are well aware of the element and who make a significant contribution to transmit the element to younger generation, express their consent to the inscription of Apendi Anecdotes on the UNESCO Representative List of the Intangible Cultural Heritage of Humanity.

The element has been transmitted from many generations as an intangible cultural heritage of Kyrgyz people by individuals and families from all age groups and gender. The anecdotes of him analyses the society, life experience of people, common sense, wisdom, nature as well as cultural life. The main features of the elements are sincerity, respect, patience, which is reflected in anecdotes. Some of the anecdotes became classic among the country which is widely used by every person in their daily conversations, makes people to laugh at the same facts, criticize and exchange opinion together.
