GOALS

TCG Governance

Alison Kennedy, UIS

TCG4 Meeting

Dusit Thani Dubai

January 18 2018

TCG Governance

- Slightly revised TCG TORs intended to clarify relationship with partners and other UIS-led Expert Groups including the GAML and the IAG-EII
- Proposal for the rotation of TCG Members to be undertaken in 2018 at the same time as the membership of the Education 2030 Steering Committee is reviewed
- Mirrors policy adopted by the IAEG-SDGs
- Proposal adapted following feedback at the third TCG Meeting in Montreal

Rotation policy

- Current membership:
 - 28 Member States
 - 2 civil society representatives
 - 3 multilateral partners (OECD, UNICEF, World Bank)
 - 4 UNESCO representatives (including two co-Chairs)
 - 1 Education 2030 Steering Committee co-Chair
- Members should be experts in their respective fields with emphasis on education, statistics and the SDGs

Rotation policy

- Each constituency will be invited to confirm existing or nominate new representatives
- For Member States, each UNESCO Regional Group will be invited to confirm/nominate representatives within their group
- Aim, as with IAEG-SDGs, will be to rotate some members while retaining continuity and institutional memory for continuing work
- Recommend maintaining links (ie some members in common) between TCG and (i) IAEG-SDGs and (ii) Education 2030 Steering Committee
- Country membership to be reduced from 28 to 27 (to match IAEG-SDGs)
- Outgoing members invited to continue as Observers

TCG Member States

Regional Group	TCG	Future number of members
Western Europe and North America	Canada, France , Germany, Netherlands, Sweden, UK	4
Eastern Europe	Armenia, Russian Federation	3
Latin America and the Caribbean	Brazil , Colombia, Cuba, Jamaica, Mexico	5
