The second quarter of 2021 saw continued expansion of the Together for Peace (T4P) initiative with a series of working group discussions. Planning for a physical 'Silent Manga' exhibition in October (subject to COVID-19 developments) at the Bangkok Art and Culture Centre (BACC) is underway, while its repository has been made available online as a soft launch, together with a special online panel discussion event in May entitled "Manga for a Cause". A feature story co-written by our Director and a resident UN coordinator on the successful and expanding 'Learning Coin Project' was published by the Bangkok Post in mid-April. In addition, the Post published an op-ed by our Director, on the critical importance of preserving at-risk local and indigenous languages.
