Endangered Languages

Form Instructions

Name in English *

Indicate the most appropriate English name of the language described in this form. Please avoid names considered pejorative by the speakers of the language.

Original name *

Indicate the name of the language in its original language and/or its original script if different from the Roman script.

Name in French / Name in Spanish / Name in Russian / Name in Chinese / Name in Arabic

Indicate the language name in the official UN languages other than English, in their corresponding script (e.g. 中國).

Alternate names

Indicate other names of the language.

Degree of vitality *

Choose only one degree of endangerment in the dropdown menu, with reference to the intergenerational transmission criterion. For more information on language vitality and endangerment, see: <http://www.unesco.org/culture/en/endangeredlanguages/atlas>

Number of speakers

Indicate the number of speakers of this language.

Country or area *

Indicate the country or countries where the language is spoken. If you are submitting a language spoken in more than one country, please indicate first the country with the largest community.

Location(s) *

Indicate the names of region(s), city(ies), village(s), or settlement(s) where the language is spoken. (e.g. "In Maun, settlements east and west of the Okavango swamps").

Coordinates *

Indicate the geographic coordinates of the location when the language is spoken. You can obtain the coordinates with the help of this URL:

<http://www.unesco.org/culture/languages-atlas/index.php?page=pnlAtlasGeoTools>, by placing the dot at the relative centre of the area where the speakers live, or in certain cases, where the largest speaker community lives.

The latitude range is -90.0000 to +90.0000. The longitude range is -180.0000 to +180.0000.

ISO 639-3 code(s)

Indicate the three-letter ISO-639 code(s) corresponding to this language. In doing so, please refer to the webpage of the *Ethnologue*: <http://www.ethnologue.com/codes/>

In case you have reservations, please add a comment in the 'comments' field.
