REFERENCE FRAMEWORK FOR THE DIGITAL COMPETENCE OF TEACHERS

## 2.1. MCCDD & MRCDD

MCCDD (2017)

[BOE de 13 de julio](#) de 2020 (Official State Gazette): Resolution of 2<sup>nd</sup> July 2020, of the Directorate-General for Evaluation and Territorial Co-operation, thanks to which the **Agreement of the Sectoral Education Conference on the Reference Framework for the Digital Competence of Teachers** is published (14th May 2020).

## 1.2. Need for a review

**Agreement of the Sectoral Education Conference** (14<sup>th</sup> May 2020) stated the following: «*The reference framework for the digital competence of teachers (...) must be subject to continuous evolution and adaptation and, therefore, it will undergo regular reviews on the part of expert working groups within the Education Commission (...)*»

The changes undergone by our society – which demanded an understanding and development of the skills required in the 21<sup>st</sup> century digital world – and, more importantly, the outbreak of the SARS-CoV-2 pandemic, made it necessary to review the Spanish framework in order to adapt it to this new context.
