Activities:

Supporting the development and implementation of national
information policies and strategies in IFAP priority areas;

Promoting research, reflection and debate on the ethical,
legal and societal challenges of the information society and

knowledge economy;

Broadening access to and preservation of information in the public domain;

Supporting training in media and information literacy, continuing education and life-long learning;

Promoting the production of local content and provision of access to indigenous knowledge and multilingualism in cyberspace;

Promoting the use of international standards and best practices in information, communication and informatics.
