Background

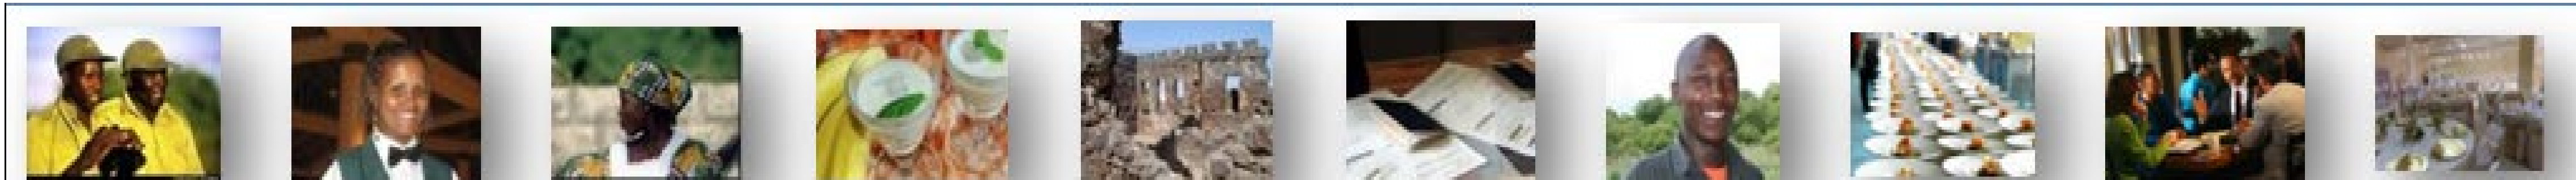

The Gambia Hotel School (GHS) was established with support from the German Agency for Technical Cooperation (GTZ) and the World Bank, between 1979 and 1981, It opened in 1981 to offer training for new entrants to the industry in four disciplines:

Front Office & Reception

Bar & Restaurant Service

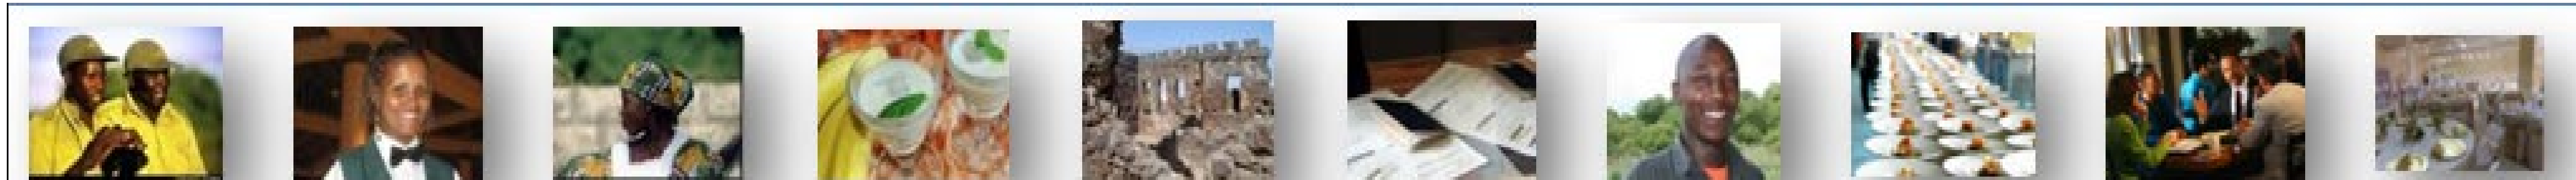

Housekeeping & Laundry

Cookery & Pastry.

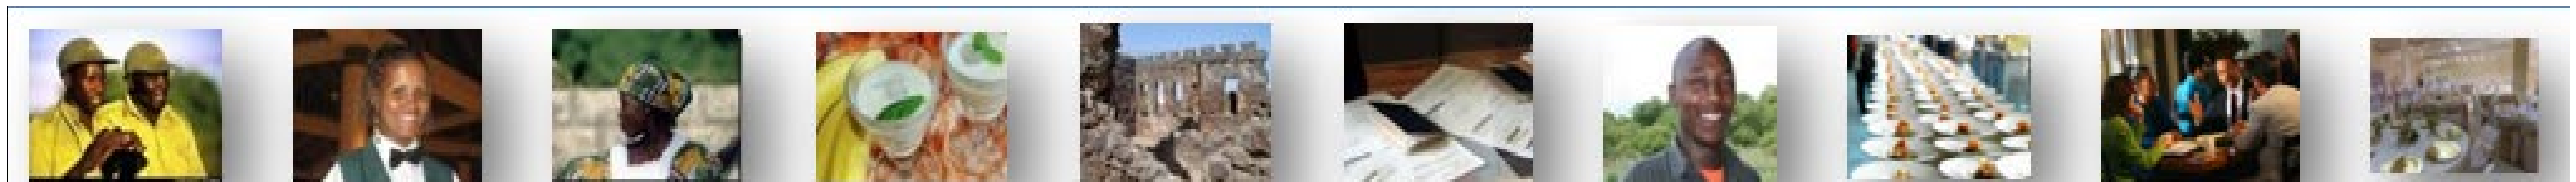

Background...

Through an Act of the National Assembly in 2011 the Gambia Hotel School (GHS) became the Gambia Tourism and Hospitality Institute (GTHI) with the functions to provide courses for students who wish to pursue a managerial or any other career in the tourism and hospitality industry. A Board of Directors comprising of members from both the public and private sector was set up for the governance of the institution and its affairs.

Background...

The GTHI exists by virtue of an act of Parliament through the Ministry of Tourism and Culture which is mandated to primarily provide advanced education, higher technological, professional, and vocational instruction and training in the fields of tourism and hospitality management. It also undertakes research, extension services, and production activities in support of the development of the Gambia Tourism Industry.

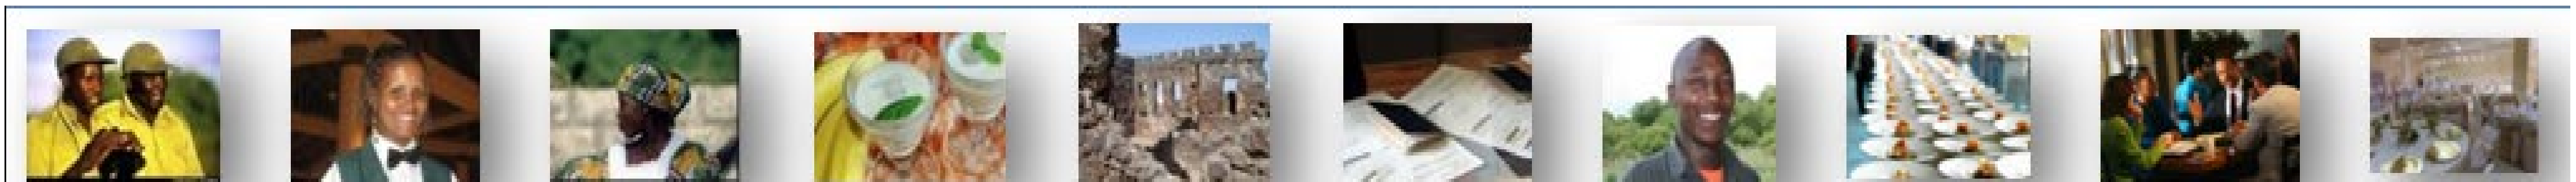

Who we are?

WE Build skills on smiles

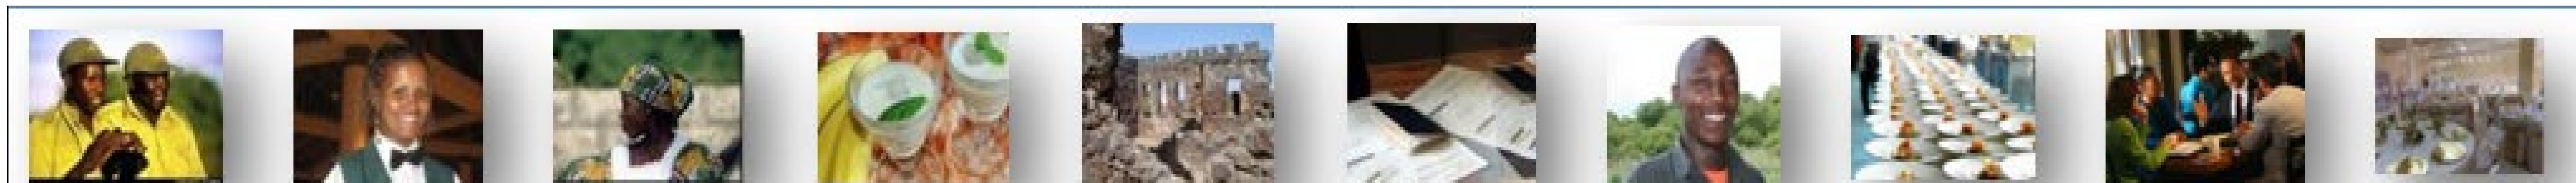

Our staff are friendly, competent, hardworking, educated, experienced and result oriented.

We have over forty years of training experience in TVET and as result most of our graduates are now holding very important position in the industry both nationally and internationally including Europe, the Asia in the middle East and the United States.

Mission...

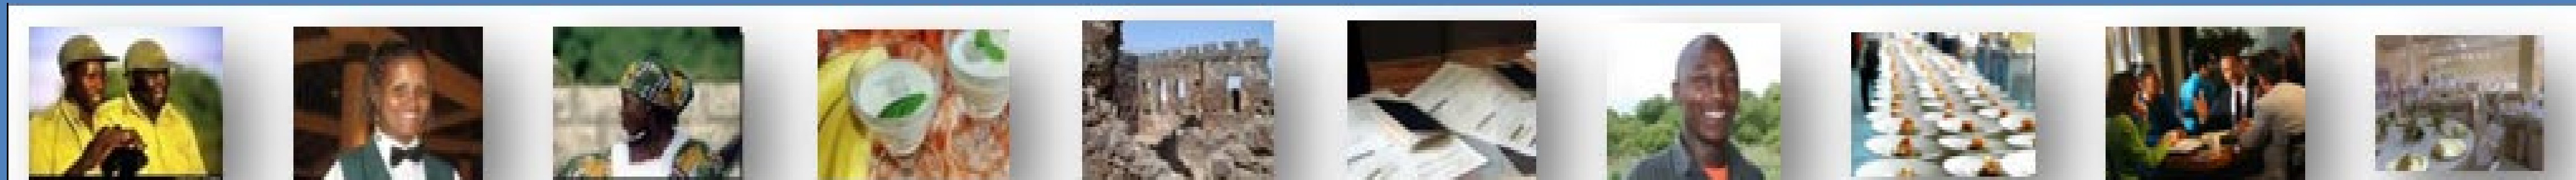

To train highly competent tourism and hospitality human resources through Technical Vocation Education and Training (TVET) that adequately respond to the needs of the stakeholders in the industry with standard and specialized courses of instruction leading to the award of a qualification

Vision...

Make the Gambia Tourism and Hospitality Institute the center of excellence to meet the human resource need of the tourism and hospitality stakeholders through the delivery of sustainable quality programs with an international perspective through research and innovation by 2030.

Our Diploma level courses are designed to prepare students for middle management and supervisory role in the tourism and hospitality industry.

What we do?

Our Digital Initiative

GTHI started its Digital journey in September 2018 when we saw the need to implement a hybrid learning model to address the increase in demand for training, especially from the other regions of the country.

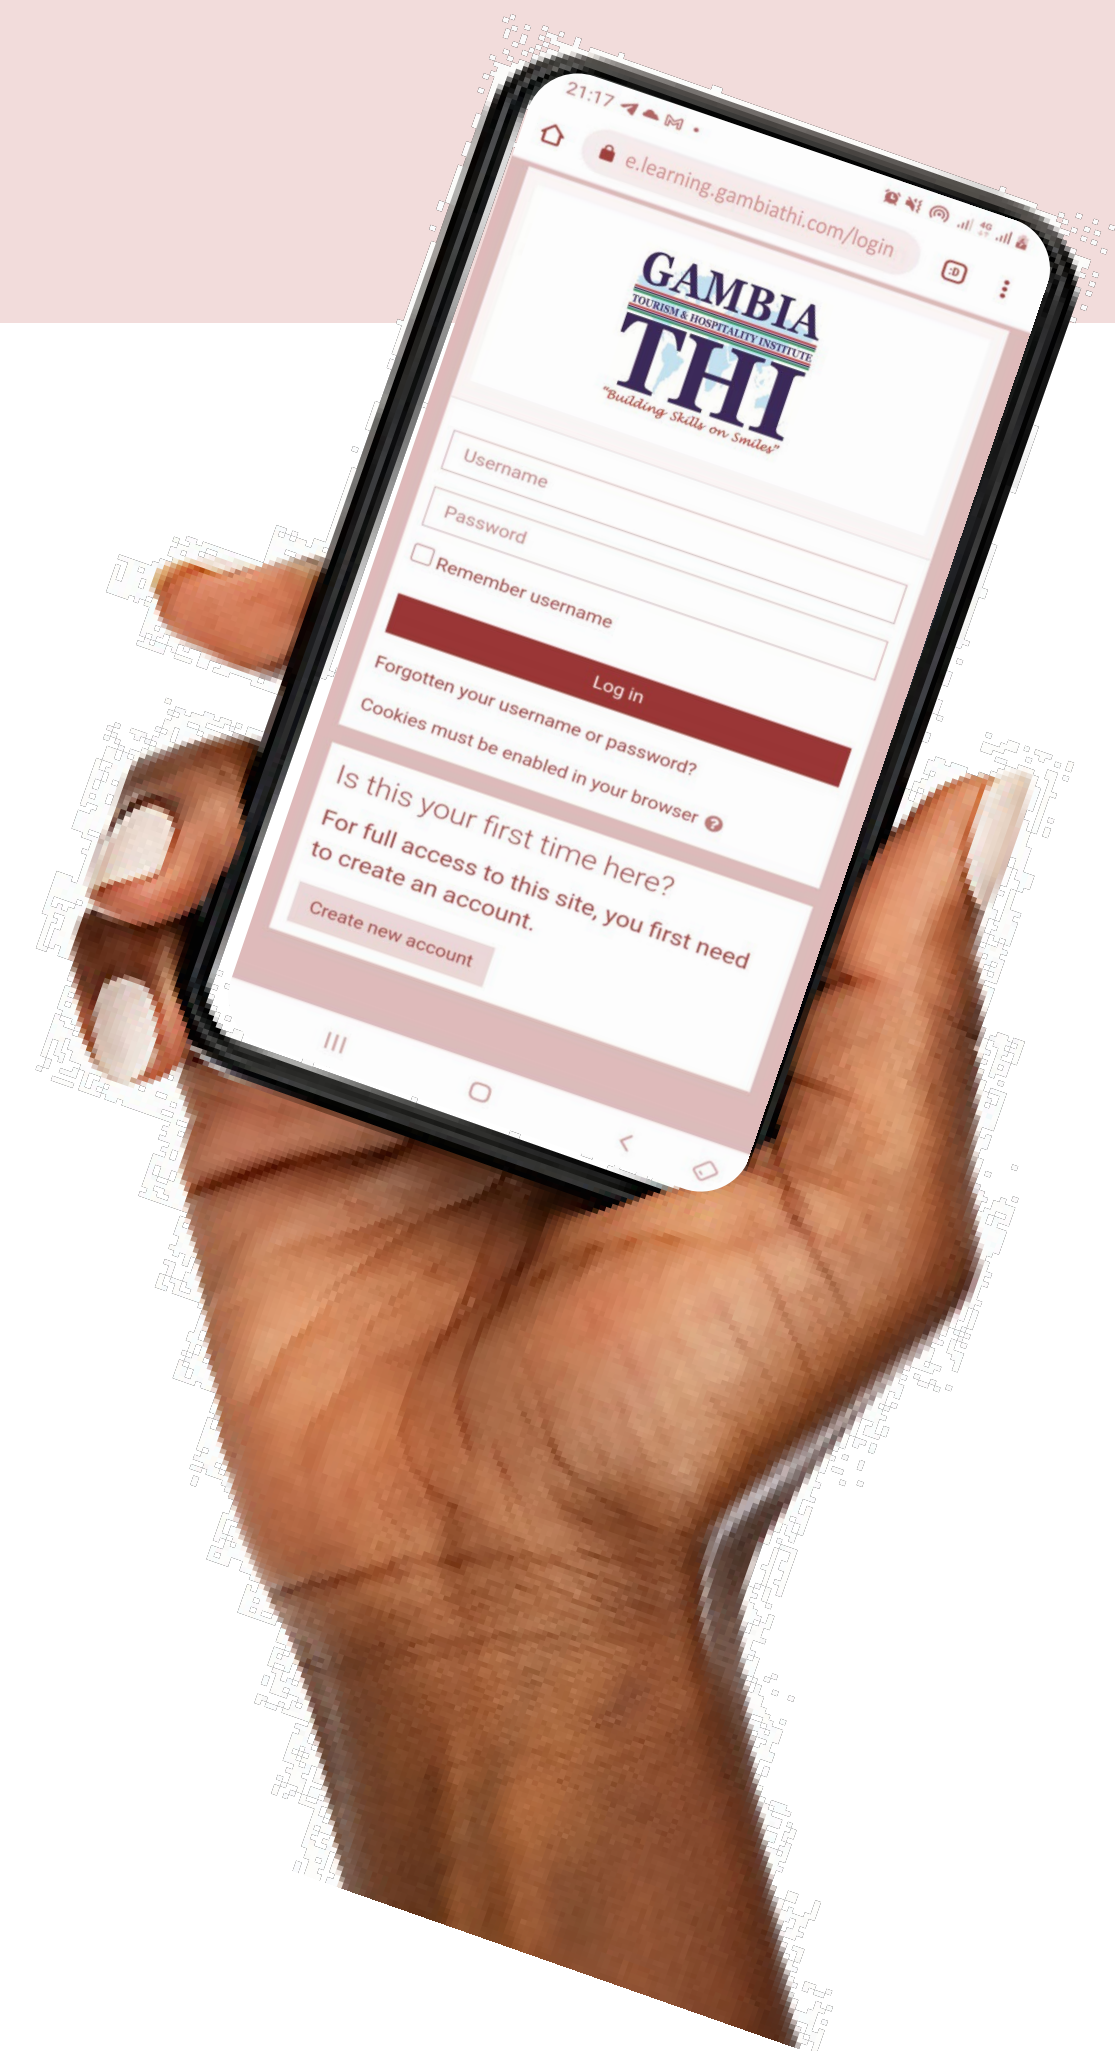

However, we decided to launch our first E-learning platform to effectively manage resources and improve the quality of teaching and learning through communication and easy access to the learning content.

Digital Initiative

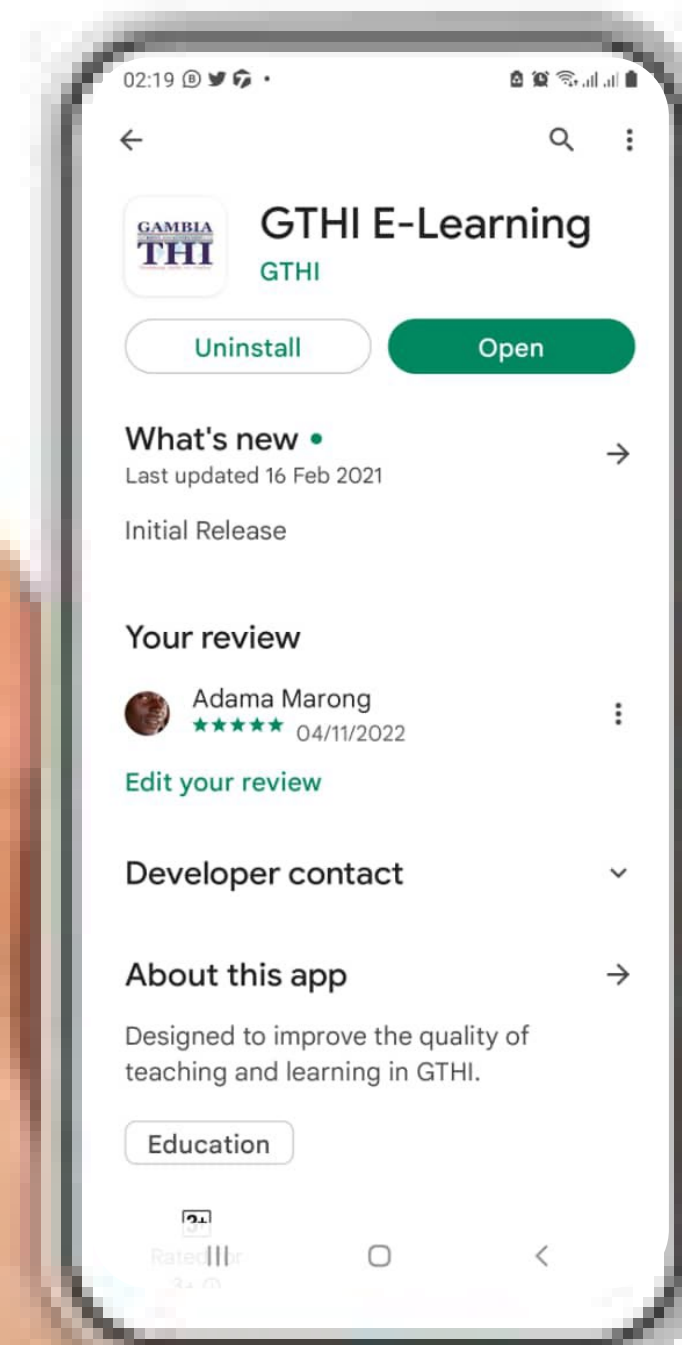

GTHI E-Learning

Provides an easy way for both teachers and students to communicate, collaborate and share information in a secure and reliable environment in real-time
