Good to know

Location:

Kenya is a country in the East Africa with a current population of about 49 million. The largest and the capital city is Nairobi.

Languages:

The official language in Kenya is English, however Swahili is also spoken widely by the locals since it is the second national language.

Climate:

The country is located within the tropics and hence experience moderate weather conditions throughout the year with no extremes with regards to day and night temperatures, rainfall and wild patterns.

Currency:

The local currency is the Kenya Shilling, however in Nairobi there are available Banks and Bureaus where foreign currencies such as the Dollars and Euros could be changed to local currency for ease of transactions. The local banks have **ATM machines which are VISA enabled** and could dispense currencies in local denominations. **Credit cards** are also used in a number of facilities that include the hotels and shopping malls.

Transport:

Jomo Kenyatta International Airport (JKIA) in Nairobi is the main port of entry to the country.

Taxis are available to take you to any destination within the city. Their rates are fairly affordable and are charged as per the distance travelled and duration taken. There are available international online taxi companies such as Uber, Bolt, Taxify etc which can be accessed through mobile apps. The taxis are safe to travel within the city.

Communication:

Getting a GSM sim card in Kenya takes a lengthy process, however a number of places provide WIFI signal. This enables access to the internet or communication on your laptop or mobile devices via social media platforms such as WhatsApp.

What to carry:

Please carry a mosquito prevention spray or cream.

Yellow fever certificate requirements

You may need a yellow fever certificate when entering Kenya from certain destinations. Check whether you need a yellow fever certificate by visiting the National Travel Health Network and Centre's TravelHealthPro website: [NaTHNaC - Kenya \(travelhealthpro.org.uk\)](http://NaTHNaC-Kenya(travelhealthpro.org.uk))

Covid 19

Covid-19 Vaccination

All travelers to Kenya over 12 years of age will be, at all ports of entry, required to show proof of either COVID-19 vaccination or a negative COVID-19 PCR test conducted no more than 72 hours before departure.

Those travelers with no proof of vaccination or a PCR test, or with flu-like symptoms, will be required to undergo a rapid antigen test at their own cost of 30 USD. Those who test positive on antigen RDT will be required to take a PCR test at their own cost of 50 USD and self-isolate as per Ministry of Health guidance on isolation.

Any traveler entering Kenya with flu-like symptoms will be required to fill the passenger locator form on the 'jitenge' platform: https://ears.health.go.ke/airline_registration and to undergo a rapid antigen test at their own cost regardless of age or vaccination status. If the antigen test is positive, they will be required to undergo a COVID-19 PCR test at their own cost.

Full details of the Government of Kenya's entry requirements in relation to coronavirus can be found on the Kenya Civil Aviation Authority website.

If you're fully vaccinated

Most adults require a full dose of a COVID vaccine to enter Kenya. The vaccine must be approved by the World Health Organization.

Proof of vaccination status

You must present proof that you have been fully vaccinated to enter Kenya. Vaccination means having received the prescribed doses of specific vaccine latest shot at least fourteen (14) days before arrival (not including the day of vaccination).

Kenya will accept the UK's proof of COVID-19 recovery and vaccination record and proof of COVID-19 vaccination issued in the Crown Dependencies. Your NHS appointment card from vaccination centers is not designed to be used as proof of vaccination and should not be used to demonstrate your vaccine status.

If you're not fully vaccinated

Unvaccinated individuals must show a negative COVID-19 PCR test conducted not more than 72 hours before departure.
