- Participated the seminar "Biodiversity in Vietnam" jointly organized by UNDP and Institute of Ecology and Biological Resources in Hanoi with one paper "Some methods of studying biodiversity of flora of forest ecosystems in Vietnam", 1992.
- Participated the Annual Conference of Earthwatch Institute, 14-16 November, 2002. Hyatt Regency Hotel, 575 Memorial Drive, Cambridge, Massachusetts, 02139. Presented a poster on Restoring Vietnam's Forest.
- Participated IUFRO International Workshop on Landscape Ecology 2004 with an oral presentation: "Improvement of living space of wildlife through reforestation in Thai Nguyen province: a spatial analysis". October 25-28, 2004, Tsukuba, Ibaraki, Japan.
- Participated ASEM Symposium on Urban Forestry with an oral presentation: "The role of trees in urban areas and challenges of their establishment". November 29 – December 3, 2004, Suzhou – Beijing, China.
- Participated The Annual Meeting of the Association for Tropical Biology and Conservation: 'Tropical Biology: Meeting the needs of changing tropical ecosystems' with oral presentation: "A comparative study of two methods of assessment of the light condition under forest canopy: total radiation and PAR". 18-21 July 2006, Kunming, Yunnan, China.
- Participated the IUFRO international conference: 'PATTERNS AND PROCESSES IN FOREST LANDSCAPES - Consequences of human management' with oral presentation: 'An effort to enhance the computer simulation of dynamic systems: an example with mini-world model'. 26-29 September 2006, Bari, Italy.
- Participated the 3rd Global Botanic Gardens Congress with a poster: "PlantsVN – a tool for creating and managing plant database of Vietnam's Flora". 15-20 April 2007, Wuhan, Hubei, China.
- Participated the IUFRO ALL-Division-5 Conference: "Forest Products and

Environment - A Productive Symbiosis" with oral presentation: 'F-Structure A&S – A Tool for Forest Structure Analysis and Simulation'. October 29 - November 2, 2007, Taipei, Taiwan.

- Participated the 3-rd ASEM Conference with a report " Evaluation of Urban Forests on an Ecosystem and Population approach". 11-14 November 2008, Guangzhou, China.

## SCIENTIFIC ACTIVITIES

### *Teaching and advising:*

- Author of a manuscript and docent of the subject "Terrestrial Ecosystems" of the Postgraduate Course for Biologists of the Vietnamese Academy of Science and Technology (since 2005).
- Author of a manuscript and docent of the subject "Objects and Laws of Ecology" of the Postgraduate Course for Biologists in the Vietnamese Academy of Science and Technology (since 2005).
- Foreign co-advisor of a MSc Thesis at AIT (Thailand): 'Natural Regeneration and Tree Species Composition of a Selected Forest Association in Cuc Phuong National Park, Vietnam' (2005-2007). Student: Dao Thi Chau Ha.
- Advisor of a MSc Thesis at Thai Nguyen University: 'Studying structure of the secondary vegetation of Me Linh Biodiversity Station, Vinh Phuc Province ' (2006-2008). Student: Nguyen Cong Hoan. (successfully finished).
- Advisor of a MSc Thesis at Thai Nguyen University: 'Using GIS to forecast the soil erosion of the Son Dong District, Bac Giang Province ' (2007-2009). Student: Hoang Tien Ha. (successfully finished).
- Main advisor of a PhD Thesis at IEBR: 'Studying population genetics diversity and conservation of *Fokienia hodginsii* and *Cunninghamia konishii*' (2009-2011). Student: Nguyen Thi Phuong Trang. (successfully finished).
- Co-advisor of a PhD Thesis at Thai Nguyen University: 'Study the growth and structure of the Teak plantation to create scientific basis of forest management in Son La' (2009-2012). Student: Nguyen Cong Hoan. (successfully finished).
- Advisor of a MSc Thesis at IEBR: 'Modelling and simulation of a household economic system with pine plantation in the Huu San commune, Son Dong District, Bac Giang province' (2009-2011). Student: Nguyen Hung Manh. (successfully finished).
- Advisor of a MSc Thesis at IEBR: 'Modelling and simulation of a household economic system with acasia plantation in the Duong Huu commune, Son Dong District, Bac Giang province' (2009-2011). Student: Nguyen Manh Hung. (successfully finished).
- Advisor of a MSc Thesis at Hanoi Pedagogical University II: 'Modelling and simulation of the ecologic-economic system of a small business of insect breeding' (2012-2013). Student: Le Cong Vinh.
- Co-advisor of a PhD Thesis at University of Science, Hanoi: Application of remote sensing and geographic information system to study Khop forest ecosystem in Dak Lak Province (2012-2015). Student: Tran Anh Tuan.
- Main advisor of a PhD Thesis at IEBR: 'Study on natural regeneration and forest rehabilitation in Song Ma district, Son La province' (2012-2015). Student: Nguyen Thi Quyen.

- Main advisor of a PhD Thesis at IEBR (in cooperation with Dr. Jesús Gómez-Zurita from CSIC, Spain): Community changes associated to biome shifts and their importance for conservation - Molecular biodiversity assessment of Chrysomelidae (Coleoptera) and their plant diets in the transition between tropical dry and moist evergreen forests in Viet Nam. (2013-2016). Student: Nguyen Thi Dinh (from IEBR).
- Author of the manuscript and docent of the subject “System analysis, Modeling and Simulation in Ecology” for PhD students at the Graduate University of Science and Technology, VAST (since 2018).
- Author of the manuscript and docent of the subject “Application of informatics to botanical classification” for PhD students at the Graduate University of Science and Technology, VAST (since 2018).
