The Norwegian Youth Association's objective says that "Through popular cultural activities, Noregs Ungdomslag (NU) shall create engagement and thriving local environments." In this, there is a fundamental understanding that we shall do cultural work in local communities all over Norway. This work is done through local and regional courses, publications, competitions, gatherings and meetings.

NU is an old organization with a rich and compound history, and a diverse and varied content. Since our foundation in 1896, public information, culture and language have been central components in our work. Today, we mostly focus on five key areas; traditional folk dancing and music, bunad (national costume), amateur theatre, community centres and Norwegian language.

With our local branches, NU is an organization that has gathered generations in cultural activities throughout the nation for well more than 125 years. Today our organization counts 328 (?) local branches, and many places, their activities and gatherings take place in a community house built and owned by the local branches themselves. Local branches hold an experience and knowledge about their activity that is invaluable, and it has always been in the spirit of our organization to carry those on to the next generation.

Being an 'generational organization' with members rating from 0 to 100 years of age, we work with transmission of knowledge across generations. We view our work to be an important part of preserving Norwegian cultural heritage. We are proud of our structure, which is founded on voluntary work in local communities. It is conditional that our organization is run from the ground and up, with volunteers in local and regional branches, as well as in a national board and national congress, giving direction for the administration to follow.

The administration office is located in Oslo. In this way, we are able to both reach out to our local branches across Norway, as well as keeping close contact with political organs and cooperating organizations. This accessibility makes it possible for us to achieve attention to our organization and to awake attention to our important cultural work.

## 6. The organization's activities in the field of safeguarding intangible cultural heritage

Sections 6.a to 6.d are the primary place for establishing that the NGO satisfies the criterion of having 'proven competence, expertise and experience in safeguarding (as defined in Article 2.3 of the Convention) intangible cultural heritage belonging, inter alia, to one or more specific domains' (Criterion A).

### 6.c. Description of the organization's activities

Organizations requesting accreditation should briefly describe their recent activities and relevant experience in safeguarding intangible cultural heritage, including those demonstrating the capacities of the organization to provide advisory services to the Committee. Relevant documentation may be submitted, if necessary, under section 8.c below.

*Not to exceed 550 words; do not attach additional information*

Our organization consists of 19 regional and 328 local branches, with a combined number of 13.384 members (31. desember 2019). Our local branches run activities for children, young adults and adults. Activities vary, but the main purpose of all local branches is to create safe and including spaces and cultural activities in their communities. Many local branches maintain and refurbish community houses owned by themselves.

NU is a democratic organization and all members above the age of 14 have the right to be elected members of boards and committees. Our national board is elected on the annual National Congress. As part of our informational work, our members receive our publication, «Ungdom», which includes relevant articles about our work and fields of speciality. Members also receive newsletters and find relevant information on our website and our social media profiles.

Our National Congress has passed a document called «Fagpolitisk plattform», which is a field-political platform stating our main priorities and views on our fields of speciality. This platform

reflects the organization's work and the composition of our administration consisting of six employees. We also have two employees in project positions. In our administration, we have advisors responsible for the fields of folk dancing and music, amateur theatre, national costume and community houses. They have professional or experienced qualification in their fields, and the administration functions as a support and resource to our branches.

The administrative language in NU is nynorsk, one of two official written standards of Norwegian, nynorsk being the minority of the two. By actively using nynorsk as our admitted language, we promote this part of our language and culture. The administration mainly works politically and professionally to facilitate quality meeting places for our members, to offer education through courses, information and tutorials, and to ensure quality conditions nationally for our branches.

One of our main activities is to offer courses and competence development to our members. NU has a long tradition of inviting members to participate in central courses in traditional folk dancing and music, amateur theatre and handcrafts. We also offer courses and advice on how to run a local branch and how to maintain community houses. In addition to this, we offer our local branches professional instructors, who visit them and teach courses locally. In an ordinary year, we plan for about 40 courses as the ones described.

Every year our summer camp for youths between the ages 13-26 takes place. The participants take part in courses in traditional folk dances and music, theatre and acting, handcrafts and outdoor life.

In addition to courses, we invite both members and others to different seminars with relevant topics. We also collaborate with other organizations to organize courses, seminars and events. Lately, the number of digital seminars has increased, which has given us the opportunity to reach out to even more people.

It is a strength that our organization is diverse. Because of this, we are able to maintain strong relations and collaborations with a multitude of organizations and institutions with interest in the fields of speciality we have defined in our platform. Through collaborations we both manage to increase our own competence, to communicate our own competence through to others and are given a greater opportunity to work for the safe keeping of important knowledge and traditions, politically and professionally.

#### **6.d. Description of the organization's competence and expertise**

*Please provide information on the personnel and members of the organization, describe their competence and expertise in the domain of intangible cultural heritage, in particular those that demonstrate the capacities of the organization to provide advisory services to the Committee, and explain how they acquired such competence. Documentation of such competences may be submitted, if necessary, under section 8.c below.*

*Not to exceed 200 words; do not attach additional information*

Our administration holds a wide professional competence, with employed advisors in our different fields of speciality. Our employees have either formal education or practically achieved competence in their fields. Our organization has 125 years of experience working in our fields of speciality, and thus we have a large archive of information and knowledge that are put to use. Through our collaborations we also hold a great deal of knowledge and information. Our administration therefore has both competence and capacity to do advisory services.

The national board consists of members with a range in fields of interest. They also represent different parts of the country. Together, the members of the national board, offer a great resource that the administration can include in advisory services. In addition to this, our organization has different consultive committees acting as a resource towards the administration and national board. These committees are a useful resource in our advisory work.

## 7. The organization's experiences in cooperating with communities, groups and intangible cultural heritage practitioners

*The Committee will evaluate whether NGOs requesting accreditation 'cooperate in a spirit of mutual respect with communities, groups and, where appropriate, individuals that create, practise and transmit intangible cultural heritage' (Criterion D). Please briefly describe such experiences here.*

*Not to exceed 350 words; do not attach additional information*

Our organization consists of 328 local and regional branches spread across the entire country. The number of members in our sub-organizations vary from 5 to 700. We continuously cooperate with our local and regional branches to provide educational activities, courses, events, membership services and informational work. Our main means of communication with our local and regional branches are through newsletters including relevant information and requests, our web page, Facebook-page, Instagram profile and our membership publication, 'Ungdom'.

NU has established cooperations with relevant UNESCO accredited NGOs. These are The Norwegian Folk Art and Crafts Association, Norwegian Institute of bunad and folk costume and Norwegian Center for Traditional Music and Dance. In addition to these organizations, we cooperate with other organizations who practice intangible cultural activities, such as FolkOrg, Norsk Folkedraktforum, Norsk Amatørteaterforbund, Frilynt Norge, Nynorsk pressekontor, Assosiation for Studies of Culture and Tradition, and Kulturalliansen. Through our collaborations we run projects, offer education, host events and provide information in the fields of handcrafts, folk music and folk dance, amateur theatre and Norwegian language.

We also run established collaborations across borders in the Nordic countries. Through the association Nordlek, we promote Nordic folk dancing and folk music, and we have since 1920 regularly hosted festivals on a rotation between Norway, Sweden, Denmark and Finland. Participants hail from all the Nordic countries including Iceland, the Faroe Islands and Åland. This collaboration also run projects, informational work and courses between festival years, and they arrange courses, gatherings and festivals directed towards children and youths. In the field of amateur theatre, we are cooperating with organizations in all the Nordic countries, and are in the present taking part in developing a new Nordic project directed towards youths.

*Please attach supporting documents, labelled 'Section 8.a'.*

### 8.b. Recognized legal personality

*If the organization has a charter, articles of incorporation, by-laws or similar establishing documents, a copy should be attached. If, under the applicable domestic law, the organization has a legal personality recognized through some means other than an establishing document (for instance, through a published notice in an official gazette or journal), please provide documentation showing how that legal personality was established.*

*Please attach supporting documents, labelled 'Section 8.b'.*

### 8.c. Duration of existence and activities

This document shows the number of active and inactive local branches and individual members of Noregs Ungdomslag in 2019. They are sorted by regional branches and the age groups 0-25 and 25-95.

We have chosen to submit the 2019 statistics, as the pandemic in 2020 has offered challenges to not only our organization, but most organizations in Norway, resulting in incomplete membership lists and statistics.

Tal lokallag = number of local branches

Tal medlemmar = number of memberships

Fylkeslag = regional branch

Inaktive = inactive

Aktive = active

Totalt = in total

This table shows that Noregs Ungdomslag had a total of 328 active local branches and 12.556 members by 31.12.2019.

The table is found in the 2019 annual report of the organization. This annual report was approved by the national assembly on September 26th, 2020. The report can be found on our webpage; <https://www.ungdomslag.no/om-oss/landsmote/>

### Besøk

I 2019 har det ikkje vore noko organisert besøk i lokal- og fylkeslag.

### Fylkeslaga

Ved utgangen av 2019 var det 19 fylkeslag tilknytt Noregs Ungdomslag. Hålogaland Ungdomslag var lagt ned i 2019 og laga som hørde til fylkeslaget vedtok å bli ein del av Nordland Ungdomsfylking. I fire av fylkeslaga har det ikkje vore aktivitet. Styret si vurdering er at fleire av laga i praksis ikkje eksisterer, men det er medlemslaga i kvart enkelt fylkeslag som i praksis må ta initiativ til å eventuelt legge ned fylkeslaget.

NU sitt årsmøte vedtok i 2009 eit sett minimumsoppgåver for fylkeslaga, for å definere deira rolle i organisasjonen:

- › Gjennomføre eige årsmøte.
- › Delta på NU sitt landsmøte og landsrådsmøte.
- › Sende årsrapport til NU, samt årsmelding og rekneskap for fylkeslaget, innan fastsette fristar.
- › Melde inn kontingentsats til NU, innan fastsette fristar.
- › Andre oppgåver som til ei kvar tid følgjer av lova til NU.
- › Trass i dette vedtaket, er det ikkje alle fylkeslag som møter på landsmøtet og landsrådsmøtet, slik dei er pålagt å gjere. Dei fleste sender årsrapport.

# MEMBERSHIP PUBLICATION

Since 1913 Norwegian Youth Association has offered a publication to its members. Below are pictures of some of the content of the first and latest publications.

The publication has changed its name through history, but for most of its days, it has been known as “Norsk Ungdom” or “Ungdom” (ungdom = youth).

The publication offers information about the organization and its events, as well as articles about our main activities, such as folk dance, theatre, bunad and community houses.

# NATIONAL TRIVIA

Each year, NU hosts a national trivia competition open to all local branches (and other groups who are interested). This competition takes form of a quiz in three rounds. Participants play locally and submit their answers to the office. Each year, this trivia contest has a theme selected by the national board. All registered participants receives a magazine containing articles about that theme. In 2020 the theme was bunad. In 2021 the theme is “Noregs Ungdomslag”, as the organization celebrates 125 years this year.

Below are som selected pages from this year’s magazine.

## Translation appendix 11, pages 1-7: Noregs Ungdomslag – Alle fylker – 2019

This document shows statistics of courses and educational activities held by both the national branch, regional branches and local branches in Norwegian Youth Association in 2019. The table is sorted by geographical regions/counties in Norway, and it shows the number of courses, course hours and participants. In Norway, organizations offering courses to adults over the age of 14 are able to apply for grants called 'voksenopplæringsmidler', to help lower the costs of the courses. Terms apply for these grants. This table also shows how much of these grants (in Norwegian kroner) each branch has received.

Due to a low amount of courses held in 2020 due to the Covid-19 pandemic, we have chosen to submit statistics from 2019.

Oslo, Rogaland, Møre og Romsdal, Nordland, Viken, Innlandet, Vestfold og Telemark, Agder, Vestland, Trøndelag, Troms og Finnmark are all names of geographical regions/counties in Norway.

Arrangør = host/organizer (of courses)

Gjennomførte kurs = completed courses

Antall kurs = number of courses

Antall timer = hours

Antall deltakere = number of participants

Tilskudd = grant

Sum totalt = numbers in total

From this table, one can read that the national, regional and local branches in Norwegian Youth Association completed a number of 419 courses in 2019. The courses took in total 15882 hours and had 4573 participants.

## Translation appendix 12, pages 1-3: Noregs Ungdomslag – Alle fylker – 2019

This document shows statistics of courses and educational activities held by both the national branch, regional branches and local branches in Norwegian Youth Association in 2019. The list is sorted by type of course/activity and it shows the number of courses, course hours and participants.

In Norway, organizations offering courses to adults over the age of 14 are able to apply for grants called 'voksenopplæringsmidler', to help lower the costs of the courses. Terms apply for these grants. One of these terms is that each course must use a course plan, and all course plans used in 2019 are listed in this table. It also shows how much of these grants (in Norwegian kroner) each branch has received.

Due to a low amount of courses held in 2020 due to the Covid-19 pandemic, we have chosen to submit statistics from 2019.

Studieplan = course plan

Gjennomførte kurs = completed courses

Antall kurs = number of courses

Antall timer = hours

Antall deltakere = number of participants

Tilskudd = grant

From this table, one can read that the national, regional and local branches in Norwegian Youth Association used a total of 77 different course plans. The majority of these course plans are related to traditional music, song and dance, acting, costumes and scenery, and handcrafts. This table shows a large variety of courses held within Norwegian Youth Association, and it is proof that activity is high throughout the organization.
