Hi Dominique: We have reviewed the 2<sup>nd</sup> order draft. I have participated in a couple of workgroup meetings in the draft stage.

I sought input from some additional CNC members and few non-members. So far, I have received only very few comments, and many felt the document is in general reading well (including myself). Only a few suggestions (I have added those as comments in the attached document).

I know we are a few days behind in sending this input to IHP, but if that is still ok, please pass it on to the secretariat.

Thanks Ram
