Objet : RE: [ihp-bureau-members] EN/FR/ Way forward to the 24th IHP Council session online

Dear Abou, thank you for your effort in the organisation of 24th Council meeting. Cyber meeting asks for more time than a personal meeting. Chat on coffee break help a lot in official discussion decision making. I afraid that we will need more time to do it up to my experience in the past months. Than on

A. Duration

There should be some break-in working time between 11.30 am to 3 pm.

Time for Bureau and Committees meetings should be announced in advance before the conference Please provide recording of the Council conference and video of should be available immediately after each session. This help delegations with broken connections or if they are out of working time. Procedure should overcome broken internet connection during the conference.

B. Provisional Agenda

We send several comments on documents, and we ask for feedback if they are accepted or if not why. Our comments on IX programme send almost month ago are in attachment. Please provide with draft of documents as soon as possible. The meeting od II region countries is on schedule on 19 November.

C. Elections of the Council's Committees II region will do it in advance.

D. Technical modality of an online format of the 24th Session of the IHP Council, please provide technical support at least a few days in advance. Have you some video presentation?

Best regards, Brilly
