It is common journalists affirming in an incorrect way that the UNESCO has declared a cultural expression as intangible cultural heritage of the humanity. From ENS we work a lot to revert this vision, to make people understand that, if the Intergovernmental Committee has the power to inscribe a candidacy to the Representative List, the power to define an element as a PCI belongs to the practicing community. In all events that promote Intangible Cultural Heritage which are organized by ENS, commit this idea; it is underlined, in other words, that the process and safeguard of the intangible cultural heritage requires the implication of civil society and it cannot be delegated exclusively to technicians and experts.

Not to exceed 500 words

As it has been already said, ENS had a main role in the consolidation of ICH NGO FORUM. It was considered fundamental to have an international organism that represents all the entities that work to safeguard the intangible cultural heritage.

We consider that the main contribution that ENS can make for the Committee is to explain how the inventories of the intangible cultural heritage are done in Catalonia. To our understanding, it is a good practice of implication of collaboration between administration and society. According to their objectives, these inventories can be classified in the following way:

-Thematics. They make reference to a cultural expression. Inventories that are lead from the cultural associations, particularly for two entities which are associated to ENS: [l'Esbart Català de Dansaires](#) i l'[Agrupació del Bestiari Festiu i Popular de Catalunya](#)

Objective: To safeguard a cultural expression and to promote their modernization.

Cases: 1) Inventory of Alive Dances of Catalonia; 2) Inventory of the Festive Beasts

-Territorials. To make inventories of all the cultural expressions of a region. The Centres of Study have a main role.

Objective: Through the promotion and safeguard of the intangible cultural heritage, to achieve economic, educative and social benefits of a territory.

Cases: Intangible cultural heritage of the Terres de l'Ebre inventory; 2) Inventory of the Penedès; 3) Inventory of the Vallès; 4) Inventory of the Priorat; 5) Inventory of the Gavarres; 6) Inventory of Mallorca.

In Catalonia, the social applicability of the inventories of the intangible cultural heritage is very present. We consider that it is important to have an impact on this line of work to achieve two objectives: 1) To reinforce the collaboration between the Intergovernmental Committee and the practising communities, through the NGOs; and 2) To promote the implication of the so called practising communities in the making of inventories, understood as a indispensable tool to safeguard their own intangible cultural heritage.

E. Capacities of your organization to evaluate nominations, proposals and requests (paragraphs 27 and 96 of the Operational Directives):

E.1. *Nominations, proposals and requests are available for evaluation only in English or French. Do members of your organization or your staff have a very good command of English or French? If so, please indicate which language(s) and the number of those members or staff.*

Not to exceed 250 words

Mister Lluís Garcia, ENS adviser in Intangible Cultural Heritage, is recognized in the ICH NGO Forum as one of the maximum understood in the Convention for the Safeguarding of the Intangible Cultural Heritage and the working mechanisms of the organisms of the UNESCO. He was the coordinator of “The Methodology for the Intangible Cultural Heritage in the Biosphere Reserves: Montseny Experience”, registered in the list of Good Practices of the Safeguard of the Intangible Cultural Heritage (2013). Previously, he worked in the Centre of UNESCO in Catalonia between 1996 and 2012.

Not to exceed 250 words

Since the accreditation from the UNESCO, ENS actively participates in the meetings and working days of the ICH NGO FORUM. We are convinced that is an indispensable organization. In the working sessions, we try to give a double look: 1) To think on the working dynamics of the Intergovernmental Committee, especially in the acceptance of the candidacies to the Lists; and 2) through the working groups, think on what the NGOs can do to spread the importance of the Intangible Cultural Heritage among the citizenship.

Nowadays, ENS participates in the Ethics Working Group of ICH NGO FORUM.
